

# 8 Channel Network Video Recorder

EL-NVR-8CH

One-click set-up with ELAN Auto-Discover/Auto-Configure.

Powerful and intuitive view, search and analysis tools in the ELAN NVR interface.

## Power and Flexibility for Every Surveillance Installation.

The ELAN 8-Channel Network Video Recorder, delivers essential convenience and power. It ships with a 1TB drive and easily expands up to 8TB. It's small form factor is designed to easily fit within a structured wiring box or on a rack shelf. Paired with ELAN cameras, this is a comprehensive surveillance solution that excels in every application.

### Full Control Within the ELAN UI

ELAN Surveillance delivers a seamless control system integration that rises above the competition. With full control of both the NVR and cameras from within the ELAN user interface, your customer no longer needs to switch between the ELAN control app and their surveillance app. No other surveillance systems can match this level of control integration.

### Timeline and Event Based Recording and Playback

ELAN Surveillance places security camera recording and playback directly into the ELAN interface. Just select a camera in the ELAN UI and tap on the NVR

button to see its recorded video. Event tick marks enable quick navigation in the timeline view, and also in the new event view, which makes it simple to jump between motion events in an easy-to-read list. With Advanced Video Analytics, you can easily filter by Survey Area, People, or Vehicles when using capable ELAN camera models.

### Auto-Discover/Auto-Configure

Like all ELAN Surveillance products, the EL-NVR-8CH is enabled with the ELAN Beacon for fast set-up. In the ELAN Configurator, the system scans your network, and automatically discovers the NVR. With a few clicks, surveillance cameras are configured and installed in the ELAN system. We've eliminated the need to use a secondary application to setup the device outside of ELAN – saving you substantial time on every surveillance installation.

Step up to ELAN Surveillance and the power of the EL-NVR-8CH.

Full control within the ELAN UI – seamless control system integration that rises above the competition.

Supports IntelliVision Advanced Analytics on capable ELAN Surveillance cameras.

Fits in structured wiring box.

Up to 4K HDMI Output.
